## Lillian Foreman is pageant queen

### Miss Antioch

Tears of happiness well up in the eyes of Lillian Foreman, 19, who was crowned "Miss Antioch" Saturday night in the pageant held at Antioch High School. Lillian was one of 13 girls who competed for the title and will receive \$1,500 to help finance her education at Carthage College, where she is studying in the medical profession. After weeks of practicing talent performances and going through rehearsals, 13 young ladies competed for the title of Miss Antioch Saturday night in the Antioch High School auditorium.

And it was packed for the Chamber of Commerce and Industry sponsored event as parents, relatives, friends, boyfriends and curious residents came to see the show.

After performances by the Antioch High School jazz ensemble, modeling of swim suits by the girls, a 13-act demonstration of various talents, and an

evening gown competition, the girls assembled to await the announcement of Miss Antioch.

The first award of a silver bowl was given to Nancy Barr, a nursing student at Northwestern University, for second runner-up.

She will receive a \$400 scholarship which she said she will apply toward a master's degree in a specialized field of nursing.

First runner-up, Andrea Kleban, was then given her award of a silver bowl and will receive a \$600 scholarship toward gaining a music degree in a college in Illinois. Andrea is a senior at Antioch High School.

Then, after a brief, tense

moment, Lillian Foreman was announced as the queen of the Miss Antioch pageant.

Lillian said she will apply the \$1,500 scholarship she will receive toward a degree in medical technology or become a pediatrician. She is a freshman at Carthage College and a 1978 graduate of Antioch High School.

Lillian will now go on to compete in the Miss Illinois pageant and if she is successful there, could travel to the Miss America pageant later this year.

## Corporate tax elimination to hurt us, Skidmore says

The Illinois Supreme Court's decision to rule unconstitutional the corporate personal property tax will "definitely be a problem" for the Antioch Grade School district 34, Supt. Donald Skidmore said.

He explained that about six percent of the income for that school district came from corporate personal property tax funds, which is in the neighborhood of \$100,000.

Skidmore said the district is "assured of its income for this year, and it won't be a problem, but it may become a problem in future school years if there is not a replacement tax for it."

He said the state legislature in Springfield must now focus its energies on that "number one" problem in legislative

session to enact a replacement tax package.

In 1972, he said, the individual personal property tax was eliminated and the legislature learned "a hard lesson" in replacing it for school districts.

When asked what he thought would be the replacement tax for the corporate personal property tax, Skidmore said, "I don't want to be a prophet of doom, but my guess is that they legislature will go to an increased state income tax."

The Illinois Association of School Boards, in a press release, said the elimination of the corporate tax is "a major financial crisis for local school districts."

### Oakwood Knolls poll of special assessment to be discussed tonight

A meeting of Oakwood Knolls property owners to discuss the results of a special assessment opinion poll will be held at 8 p.m. tonight at the State Bank of Antioch.

Oakwood Knolls property owners had been asked this month in their newsletter to respond to a poll to determine whether they were in favor of obtaining storm water relief through a special assessment.

A meeting had been held last month to hear the Village Engineer's estimate on the storm sewer project, which was approximated at \$1,731 per lot, payable on a 10-year period.

That figure would break down to \$173 per year, with seven percent interest on the unpaid balance.

Joe Veith, president of the homeowners association, explained the issue in three main points:

— As many as 200 residents of Oakwood

Knolls are affected by flooding conditions (with varying degrees of severity.)

— Ignoring the problem at this time will, no doubt, only serve to postpone a potentially dangerous situation.

— The remedy for this problem would require an assessment by the village, which will pay part of the cost (about 20 percent) which would put the price of the assessment at \$140 per year per lot for 10 years. The remaining funds must come from Oakwood Knolls residents.

Residents will decide tonight whether they would want to fund the project to solve the flooding problem.

Veith added that residents are invited to ask any questions about the project they may have. The results of the poll will determine Veith's recommendation to the village board on the project.

OPERATION KEY ID was kicked off when the first tags were officially handed to Mayor Michael Haley and Police Chief Chuck Miller. Phil Schaub, left, assistant vice president of Antioch Savings and Loan presents Mayor Haley with the key ID set.

with the number 1892, the year Antioch was officially founded. Laddie Korecek, marketing director for Antioch Savings, second from right, hands Chief Miller the set with the number 5178, the date Miller became police chief of the village.

## Tags to help solve problem of lost keys

"Operation Key ID" — a method of retrieving and identifying lost keys of Antioch area residents — has been launched by the Antioch Police Department in conjunction with the Antioch Savings and Loan Association.

About 5,000 metal tags are part of the operation of key identification, each with a different number engraved on it.

The tags are attached to index cards which are available at the Savings and Loan Association any time during business hours or the Antioch Police Department any time of the day or night.

Residents should ask either institution for a Key ID set, and an index card will be filled out for them, complete with name, address and phone number of the individual. Each resident should attach the metal tag to their key ring.

The police department will keep all cards, and in the event that keys are lost, all anyone who finds them needs to do is drop them in any mail box.

The U.S. Post Office will deliver them to the Antioch Police, and the Savings and Loan will pay the postage. The Police Department will look up the card with the matching number and call whoever owns the keys.

Residents may pick up their key tags starting today at either the police department or the Savings and Loan. Phil Schaub of the Savings and Loan said currently 5,000 tags are available to residents of the Antioch area and will be distributed on a first-come, first-served basis.

Schaub first had the idea of initiating a key identification program when talking to a Park Ridge crime prevention officer, who had coordinated the idea with a local bank that funded it.

The officer said the program was successful in Park

Ridge, with 7,000 tags distributed between March and December and four key tags returned in that time.

Schaub brought the idea to Police Chief Chuck Miller and Mayor Michael Haley, who promptly agreed to initiate it in Antioch.

Schaub explained, "Do you remember the license plate tags the veteran's organization used to send out? They can't do that anymore, but a service like that is needed."

"If you lose your keys today, there's no way to get them back. You can't put any kind of identifying tag on them. In the wrong person found your keys, and could find out who they belonged to, they could easily victimize you with a burglary or car theft," he explained.

You might not even have time to replace the locks before they strike. It would be a lot easier and more comforting if you knew that your keys could be identified by the police but not by anyone else," he said.

With these tags and cards, the police can get your keys back to you. No one else knows who the keys belong to."

The silver-colored tags have instructions printed on them to mail the keys to the Antioch Police Department and also states that the Savings and Loan would guarantee the postage.

The identifying number appears on the right. Schaub said numbers would be given out randomly and will not be in sequential order.

He added that the tags must be picked up at one of the two places specified in order that the police department is assured that they will have a card on file for each tag given out, rather than have residents forget to mail in their identifying index card.

## Kindergarten registration announced

District 34 kindergarten registration for next year will be held at Antioch Grade School, Channel Lake Grade School, and Oakland Grade School on April 9th through April 12th, from 9 a.m. to 1 p.m. each day.

To be eligible to enroll in kindergarten a child must be five on or before December 1, 1979, Supt. Donald Skidmore said.

If it is not possible to register during the week, parents should call the school where the child will attend and make arrangements to register or at least give the name, address and telephone number and the name of the child.

The registration fee is \$15.50 but it may be paid anytime before school starts.

Please bring your child's birth certificate, baptismal certificate or hospital certificate for registration, Skidmore added.

## Lake County is once more a disaster area

### Congratulations to Miss Antioch contestants

Editor:

As a member of the Miss Antioch Pageant Committee, I would like to make one final contribution of observation and pride. It was obvious to any in attendance at the Pageant Saturday night that the 13 candidates put forth their very best in talent and beauty.

Their hours of practice and perseverance, not to mention their tattered nerves, provided us with a splendid evening's entertainment. What the audience could not see was the real drama that was taking place behind the scenes.

Here were 13 girls competing for one title, one major scholarship, one opportunity to star. Yet there was no sense of competition in the wings, no sense of girl against girl. The girls were in tune with the needs of each other and gave the support and understanding that no one but they could fully understand.

They were there with words of "you can do it, we know you can," "That's the best you've done yet," and as each girl came off stage, another was there to congratulate her for a job well done. They embraced, wiped tears from

eyes, and gave each other pep talks. These were not just words, the girls were sincere and caring.

The girls made us so very proud of them. We wanted them all to win and in our minds they did. The judges had a very difficult decision and no one envied their responsibility. The real test would have come, however, had we recognized "Miss Congeniality." We would have to have recognized 13 girls.

Antioch, hold your head high, your presence and encouragement gave these girls the support and recognition they deserved for a job well done.

Parents, hold your heads high, you gave these girls a sense of faith and trust in themselves to enable them to test themselves in front of you.

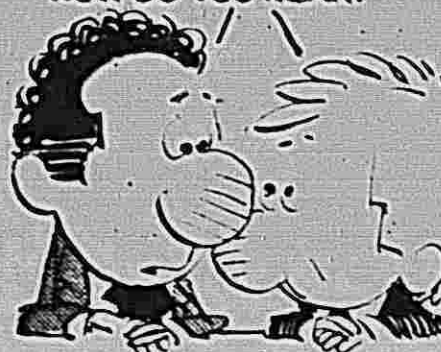

Girls, hold your heads high, you all won because you proved to yourselves and us that what goes on out front (on stage) is important, but what you show off stage, in your heart, is the most important part of competition after all - you made us very proud. Thank you for sharing so much with us.

### Lorang withdraws from race

Anne R. Lorang of Lake Villa announced Monday she has decided to withdraw her candidacy for the College of Lake County Board of Trustees, and will instead support two candidates whose views are very similar to her own.

She explained, "I am giving my support to Art Katzenmaier and Kimberly Schnoor. I believe that these two candidates will represent the community at large - student, faculty, administration and taxpayers in a fair and balanced way."

She added, "My decision to make this move is two-fold: first, I feel that the choice of the faculty political action committee to support the Alvarado/DeBolt team would weight the board unhealthy in the direction of the faculty's interests rather than in the interests of the whole

community."

Lorang said, "Second, there are eight contenders for only two positions. I would rather see my votes go to a good team than to see the votes scattered over so many candidates."

"By withdrawing from the race, I am narrowing the gap, and I hope, strengthening the position of Katzenmaier and Schnoor," she added.

Katzenmaier is campaigning for re-election to the board of trustees, having served one term. He is the retired superintendent of North Chicago elementary schools and resides in Grayslake.

Schnoor is a 24-year-old housewife and currently lives in Lake Villa, having graduated from Grant High School and having attended CLC.

### Skinner's solution to property taxes passes

The bill that State Rep. Cal Skinner, Jr. (R-McHenry County) is saying will "solve" the problem that senior citizens and disabled people have with real estate taxes zipped through the Illinois House on a vote of 158-0 last week.

Skinner explained the proposal of which he is chief sponsor. "If enacted, House Bill 188 will mandate state government to rebate any portion of one's real estate tax bill (or one's rental equivalent) which exceeds four percent of income, as long as one's income from all sources is less than \$12,000."

"The over 130 House co-sponsors, and I really

believe that this idea is one that will allow people to remain in their homes after they retire as long as they want to and are healthy enough to do so.

"We don't see any reason that local property taxes should force people to sell their homes and move

away from the area in which they have spent their adult lives," Skinner said.

"It is suggested that seniors wishing to assist in the fight to get House Bill 188 enacted should write their state Senator and the Governor in Springfield. The zip code is 62706."

### Safety Commission wants 55 mph limit

Melvin E. Luke, chairman of the Lake County Safety Commission, chapter of the National Safety Council, announced that the commission had contacted the Department of Transportation, Federal Highway Administration, and informed them that in the unanimous vote the Lake County Safety Commission had voted to support the national maximum speed limit at 55 m.p.h.

Luke, in a letter to the Department of Transportation, pointed out that the data collected by the National Center for Health Statistics showed that the reduction in the speed limit is collated with a reduction in the number of fatalities and accidents during the time period since the initial introduction of the 55 m.p.h. speed limit.

Luke said in his comments that besides the immediate reduction of hazards for the driver, the secondary advantage of a 55 m.p.h. speed limit is the added fuel economy.

In additional comments, Luke pointed out that the Florida program "Alive, Alive, Drive 55," and the Minnesota program, "Feather Foot," have contributed greatly to the reduction of fatalities on the highways, while maintaining the 55 m.p.h. speed limit through public education.

In addition, Luke said the Lake County Safety Commission would be in contact with members of the Illinois State Legislature, supporting the existing 55 m.p.h. speed limit.

## Ever worry about a lost or stolen "necessary" check? Not anymore!

Ever wonder what you would do if a "Necessary Check" — one that you depend on to pay the monthly bills which keep rising and seem never ending — would get lost or stolen? What would you do? Who would you call? How would you pay the bills?

No need to worry! There is a solution which can be achieved very easily with the help of Antioch Savings. If you're currently receiving a "Necessary Check" from the Federal Government — Social Security, Railroad Retirement, or other Federal

recurring payments — you can arrange to have those "Necessary Checks" deposited directly into your account at Antioch Savings. Similar arrangements can be made for dividend checks, interest checks, monthly rent, or other recurring checks. By having them deposited directly into your account, there's no chance for theft or loss of any kind.

What better place than in a high yielding Antioch Savings' savings account to protect the funds which are so important today! Plus, you'll be earning that

high interest sooner than if you received the check yourself and then came to Antioch Savings to deposit it. Bad weather like we've had over the past winter months or sickness won't prolong you from attending to your financial business.

It makes sense. Life today can be complicated. Why not take advantage of one of the ways that Antioch Savings helps to make it easier. Come in or call us about direct deposit. ## Thank volunteers in national Red Cross month this March

Every year in this country March is recognized as Red Cross Month. This year is no exception — once again, President Carter has issued an official proclamation designating March as Red Cross Month in the United States.

Why does the nation observe Red Cross Month each March?

The organization is certainly deserving of our country's gratitude for the many valuable community services it provides. But even more important are the volunteers who make up the organization — without them there would be no Red Cross.

As the President has indicated in his proclamation,

March is a time to pause and thank those thousands of volunteers who so unselfishly give of their time, their blood and themselves in the humanitarian spirit that keeps Red Cross strong.

But what about the rest of us? This year Red Cross has a new message for all Americans, a message that is strong and clear.

It asks us to help keep Red Cross ready by showing our support through membership — a contribution in any amount will enroll us as members while allowing Red Cross to carry on valuable service to the community.

It also invites us to become involved by volunteering to give of our time and blood to help others. In that way Red Cross will stay always ready to respond to community needs wherever and whenever they arise.

The local Red Cross office can be contacted at 305 Washington St., Waukegan, 662-4044.

Look and listen for the American Red Cross in the Chicago metropolitan area during March.

Red Cross flags will fly from some of the major buildings, like the John Hancock Building and the Sears Tower, and television and radio stations will carry the message — all as a reminder that Red Cross is here and ready to help us and our community.

Consider joining Red Cross. Whether it is through time, blood or membership, your support of Red Cross is an investment in a stronger, healthier community.

## FINANCIAL NEWS

## Philip Schaub

[Editor's Note: This financial news column is designed for the general education of our readers. Mr. Schaub, assistant vice president of the Antioch Savings & Loan Association, will discuss areas such as taxes, insurance, investments and financial planning in general.]

By Phil Schaub

There are three types of homeowners insurance policies: Homeowner-1 (HO-1, basic), homeowner-2 (HO-2, broad) and homeowner-3 (HO-3, special).

The liability coverages under all three are the same. The differences come in the coverage on property. An HO-1 doesn't provide enough coverage to even consider. It insures you only for the depreciated value of your home, not its replacement value.

There is almost always thousands of dollars separating the two figures. You can not replace your home with what an HO-1 would pay you if it burned. You can get full replacement cost from an HO-2 or HO-3 policy.

AN HO-2 PROVIDES insurance on your home and personal property in it against a list of specific perils. If you suffer a loss because of one of these, you're covered. A loss resulting from any cause that isn't on the list is not covered.

The standard list of HO-2 coverages are: fire or lightning; windstorm or hail, explosion, riot or civil commotion, aircraft, vehicles, smoke, vandalism, theft, falling objects, weight of ice, sleet, or snow, collapse, accidental discharge or overflow of water or steam from plumbing, heating, air conditioning, or appliance, tearing asunder, cracking, burning or bulging of a steam or hot water heating system, air conditioning or appliance for heating water, freezing and damage from artificially generated electrical current.

The above listing of perils is, of course, very brief. There are a lot of restrictions built into the precise definitions in the policies. For example, loss from many of the perils absolutely has to be "sudden and accidental."

The coverage on contents in a HO-3 is basically the same as in an HO-2. The coverage on the home itself is much wider. Where the HO-2 says that you're insured for a specific list of perils, the HO-3 says that you're insured for anything and everything except a specific list of exceptions.

The HO-3 will generally cost about \$30 a year more than an HO-2 with the same company. The extra premium is money well spent because the list of exceptions in an HO-3 is small.

The standard exclusions in an HO-3 policy are: ordinance of law (when you have to replace old items with

better ones than the ones you lost because of the building code), earth movement, water damage, (flood, sewer backup, or seepage through underground walls), power interruption (when a blackout spoils the food in your freezer), neglect, war or nuclear hazard.

The net effect of the wider coverage under an HO-3 can be shown with a few examples. If you have ice damming in winter and water seeps through your roof, you're covered under an HO-3 — you're not covered under an HO-2. If you puncture your septic tank while planting a tree, you're covered under an HO-3 — you're not covered under an HO-2.

This column is a discussion of the provisions generally found in homeowner's insurance policies. To know exactly what is and is not in your policy, you would have to read the policy itself.

IN LAST WEEK'S COLUMN, a technical production difficulty prevented the listing of the standard ratios in homeowner-2 and homeowner-3 policies.

They are as follows:

PROPERTY COVERED	Percentage of House Coverage	Example
House	100	\$50,000
Detached Structures	10	5,000
Contents	50	25,000
Additional living expense	20	10,000

## 'I Remember Mama' to open at PM&L

PM&L's next production will be "I Remember Mama," with the opening performance scheduled for Saturday night, April 21.

Four subsequent shows are scheduled — all at the PM&L Theater, 877 Main St. in Antioch — set for Friday and Saturday nights, April 27 and 28 and May 4 and 5.

"I Remember Mama" is still in the formative stages of a remarkably successful dramatic career, Director Don Beveroth said.

The poignant story was first published as a book, "Mama's Bank Account," by Katherine Forbes. In 1944 it was adapted for the stage by John Van Druten. A Broadway hit, the play ran for 714 consecutive performances.

It became a movie in 1948, and in the following year it began a long run as a television series. Its latest incarnation is as a musical, which, starring Liv Ullmann, will open next month in New York.

"I Remember Mama" is the sensitively human story of an impoverished Norwegian immigrant family living in

San Francisco in the years just before World War I. The group lives full lives of growing up, of love and marriage, of illness and death.

Although they had very little money, the thought never occurred to anybody in the family that life in America was hard for them.

The PM&L production is directed by Don Beveroth and boasts a large and talented cast, he said.

Leading roles are played by: Ann Marie Cina, who portrays Mama; Frank Greenwood as Uncle Chris, the irascible head of the family; and Pam Hunley as Katrin, the budding writer whose story this basically is. "First and foremost," Katrin wrote of those years long ago, "I Remember Mama."

As this show will no doubt be another major hit in PM&L's current 18th season, it is not too early to start thinking about making reservations to see this play, the director said.

Call for reservations at 395-3055, and be at the theater by 8:15 on the night you plan to see the show.

It's believed that goldenrod growing near a house means that residents will have unexpected good fortune.

## Woman's Club hears police safety tips

Antioch Police chief Chuck Miller was guest speaker at the March 19 meeting of the Antioch Woman's Club.

He elaborated on the use of "Emergency 911" system and gave valuable information on home security, stressing the importance of keeping a record of all valuables—serial numbers and photographs, for example, for identification purposes in case of burglary, club members said.

Two new members, Mrs. Dominic (Lorraine) Santi and Miss Susan Turner were welcomed into the club.

The ladies were reminded that there will be no meeting on April 2.

It was announced that there will be a tour-luncheon and show at Marriott's Lincolnshire Resort on April 18 in the Chaparral Room. Reservations must be made by March 28 and guests are invited.

Tickets were distributed for the annual fund-raising card party and luncheon to be held at the Harbor Ridge Country Club at 12:30 p.m. on April 25.

Door prizes, a white elephant sale and a raffle of an afghan donated by Jean Benes will be offered.

The public is invited to attend.

Frances LaPlante and her hostess committee, Alvera Morgan, Marge Solar, Mary Wells, Jane Wierschem, Doris Veith, Betty Mentone, Anne Feiler and Lee Knowlton served refreshments.

## Lakers take 4th in 16 team tourney

The Faith Evangelical Lutheran boys' "A" basketball team closed out a fine season by finishing fourth in a 16-team tournament in Watertown, Wis. Coach Monte Huntington said.

The Lakers' record for the year was 14-3, and they were champions of the Lake Lutheran Athletic Conference regular season with a 9-0 record.

In the tournament, though, the Lakers finished in second place, losing to

Our Saviors of Zion, 28-24. Huntington said defense was the key to the season along with all-out hustle on both defense and offense.

Jim Lundgren and Tim Anderson were the chief rebounders, and Jeff Johnson, Lundgren and Anderson were the high scorers in a well-balanced offense, he said.

Johnson, Lundgren, Dale Kellor and Danny Anderson were the best defensive players for the Lakers, Huntington added.

## Faith Lutheran 'B' team takes championship

The boys' "B" basketball team at Faith Evangelical Lutheran School in Antioch recently participated in conference tournaments, with their season record ending up 10-2.

The team was seeded third in conference, but Coach Monte Huntington said that did not hold them back from becoming champions.

In the first tournament game, the Lakers played against St. Luke's Wildcats of Kenosha, beating them 34-8. Huntington said tough defense helped the Lakers in the victory.

Danny Anderson led scoring with 12 points and

Jeff Johnson brought in eight.

The Lakers also played against the Wisconsin Lutheran School Lancers of Racine. Once again, the coach said, the boys' tough defense kept the lancers from scoring more than 21 points, with a final game score of 25-21.

Jeff Johnson led in scoring with 12 points and Danny Anderson and Billy Meier added six points each.

The championship game was played Sunday against the Bethany Rebels of Kenosha.

Once again the Lakers' defense kept them in the

lead, Huntington said. A 25-11 win was a great way to end the season, he said, on top of a 10-2 record.

Members of the team were Tom Kane, Matt Gall, Jeff Johnson, Danny Anderson, Jason Johnson,

David Stolt, David Nalle and Billy Meier. He said this year, Jeff Johnson scored 114 points with a

high average per game, while Danny Anderson scored 45 points for a 45 average per game.

The Antioch branch of the Family Service Agency of North Lake County announced an open house they will hold from 3:30 p.m. to 5:30 p.m. Friday.

The office is located at Orchard and Hillside Avenue.

Staff members said this

will enable residents to become acquainted with the services available and meet with the staff of the agency.

## Emmons sets special board meeting

A special meeting of the Board of Education will take place at Emmons Grade School at 8 p.m. April 16.

The purpose of the meeting will be to canvass votes of the April 14 election, reorganize the new board, and set future meeting dates, school officials said.

The Virginia blue laws enacted in 1619 required men to dress according to their rank.

## Skidmore: Schools to suffer

Continued from page 1

the General Assembly to fulfill its constitutional obligation to enact a replacement tax package immediately."

AT THE SCHOOL board meeting last week, Supt. Skidmore reported that "everything seems to be progressing well" in construction of the W.C. Petty Elementary School.

He said the exterior walls should be completed in about two weeks, assuming normal weather continues.

However, he cautioned that this spring some trade union contracts may expire in addition to the Teamsters and it is "probable that we will experience some strikes that could affect our construction project."

ALSO SKIDMORE SUGGESTED that the small kindergarten, first and second grade classes be moved from the Channel Lake School to the Oakland School next year where the children will be integrated within the existing classes.

He said this would enable the district to save approximately \$35,000 for the 1979-80 school year.

At the same time, he said, the special education classes should be transferred from the Lower Grade Center to Channel Lake.

Skidmore explained, "This will enable us to free up the Library area in the downtown Antioch Grade School and to begin a library program which the board had previously approved."

SKIDMORE ALSO recommended an annual increment of \$500 for Larry Wagner, band director, effective for the next school year.

He explained that "all salary and increment schedules have flaws. One of the flaws may be that deserving individuals can be slighted or overlooked when a group is negotiating for a large group of people."

He said Wagner works about 170 hours annually after school and on weekends with the band for contests and rehearsals, something which is required in order to keep a good band program.

SKIDMORE ANNOUNCED that he has been accepted to attend the fellows program for school administrators for this summer, from July 15 to 21 at Stephens College at Columbia, Mo.

The week-long institute is centered around the theme "Coping with the Issues and Problems of Education in the 80's." He said the total cost of the seminar should not exceed \$400, including room, board and mileage and incidental expenses.

## FFF groups celebrates 'Wearing the Green'

The Antioch Fun, Food and Friendship Center, a program of Catholic Charities, recently celebrated a "Wearing O the Green" with a grand party in honor of St. Patrick's Day.

Coordinator Marian Rohde said due to the large crowd, the party was moved to St. Peter's Church basement.

The kick off began with live music, dancing and a traditional Irish meal of corn beef and cabbage. Afterwards the seniors were entertained by the Antioch High School Madrigal Singers.

Penny Pinchers Pub and Koss Camera generously donated door prizes for the occasion, Rohde said. The party concluded with several rousing Irish songs, blarney punch and cake.

Thanks are extended to the many volunteers who worked to make the party a success, Rohde said.

The following activities are scheduled for Friday through April 4:

Friday, 12:30 p.m. Information and Referral; Vicki Behen from McHenry Hospital presents a talk on Medical Alert; 1 p.m., birthday party and bingo.

Monday, April 2; 11 a.m. TB shots; 1 p.m. kitchen band; 1 p.m. planning meeting.

Wednesday, April 4; 11 a.m. blood pressure; 12:45 p.m. forum; 2 p.m. open bowling, Antioch Bowling Lanes.

The Fun, Food and Friendship center is located at the Antioch Scout House at 741 Main St. and is open Monday, Wednesday and Friday with meals at noon and a variety of programs and activities planned.

Future activities on Tuesday and Thursday will be cancelled until a new meeting place is announced, Rohde said. The Center is now seeking a meeting room for about 35 people on Tuesdays and Thursdays from 9 a.m. to 3 p.m. and will not need kitchen facilities. Any contributions of space will be appreciated, Rohde said.

## JH HAS DONE IT AGAIN

This new collection has classic styling with fashion's newest looks. It's a new shorter blazer worn over a slim, sexy slit skirt. Both expertly tailored in a 50% poly, 50% rayon blend. The finishing touch, a 100% cotton blouse, complete with a string tie and today's smaller collar look. Choose it in white, maison blue, or garnet red and you're set for spring.

Blazer seventy six dollars, skirt forty six dollars, blouse thirty two dollars
